

Medicare Conditional Payment Reconciliation Request

If the claimant/plaintiff is currently a Medicare beneficiary or has been a Medicare beneficiary in the past my office provides Medicare Parts A & B Conditional Payment Reconciliation services.

My office provides three distinct levels of Medicare Parts A & B conditional payment reconciliation services which are described below.

Please note this service *does not include* reconciliation of Medicare Part C Advantage Plans or Medicare Prescription Part D plans. These plans are issued by private insurance carriers. You should handle these reconciliation processes the same way you would resolve a group health recovery claim.

The Process - Overview

While it is permissible to have the attorney for the claimant/plaintiff engage in the Medicare Part A & B conditional payment reconciliation process it is preferable to have the workers= compensation carrier, liability carrier or no-fault insurer conduct and conclude the reconciliation process. This is because these insurance carriers are primary payers@ under the Medicare Secondary Payer Act and have statutory requirements of repayment, as well as, access to the ICD medical coding and other relevant information needed to successfully complete the reconciliation process. My office does, upon request, provide claimant/plaintiff=s counsel with status updates and full transparency throughout the reconciliation process.

The obtaining of and reconciliation of Medicare Parts A & B conditional payments starts with proper reporting of the claim by the workers= compensation, liability or no-fault carrier=s Responsible Reporting Entity (RRE). From there a number of steps must be followed in order to obtain a Final Demand Amount from either of the two Medicare recovery contract carriers, the Benefits Coordination & Recovery Center (BCRC) or the Commercial Repayment Center (CRC). Until this Final Demand Amount is obtained any listing of conditional payments by Medicare is an interim amount and subject to change.

Once the case has been properly reported to the BCRC by the REE or any other authorized representative of either the beneficiary or the primary payer access to the Medicare Secondary Payer Recovery Portal (MSPRP) is obtained and my office will file the requisite authorization(s), obtain and advise the preliminary conditional payment amount and any itemized individual payment entries that make up the conditional payment amount; submit the itemized individual payment entries to you so that you or your claims administrator can reconcile those entries that are related to the claim and those that are not. Once that party has completed the disputed claim listing process, including the providing of supportive documents, it is sent to my office for filing with the BCRC or CRC. Upon BCRC/CRC issuing its acceptance or denial of the disputed entries my office will advise you of their decision. This process can go on for a period of time since new

payment entries are being inputted into Medicare=s system on a daily basis. At some point the client or the claim administrator is satisfied that what the BCRC/CRC is claiming is accurate. At that point my office can seek from either the BCRC/CRC a Final Demand Amount which is payable within 60 days of issuance of the Final Demand Letter and if paid closes Medicare=s claim for recovery.

Scope of Service

There are three levels of service with subsequent levels inclusive of prior levels. You may select a lower level of service and subsequently request an additional level of service. For example, you may select Level 1 service only and pay the \$475.00 fee. Subsequently you may select Level 2 service which would then be provided for an additional fee of \$125.00 (\$600 - \$475). The timing of the reconciliation process is best served when a case is within 120 days of settlement. Commencing the process earlier than that should be limited to a Level 1 or 2 service request.

<u>Scope of Service:</u>	<u>Fee</u>
<p>G Level 1: Report the case to the BCRC, if not already done by the RRE, and monitor the MSPRP for web portal access; file necessary authorizations; obtain initial conditional payment listing and amounts for forwarding to client or claim administrator for review and dispute determination</p>	\$475.00
<p>G Level 2: Same Level 1 services included; receive disputed claims from client or claim administrator and file disputed claims appeal with BCRC/CRC with necessary supporting documentation. This is an ongoing process as new Medicare claim listings are posted on the MSPRP on a daily basis. The process concludes when the client or claim administrator believes all claims shown on the listings are proper</p>	\$600.00
<p>G Level 3: Same Level 2 services included; Submission of Final Settlement Detail Document or Case Closure Document to BCRC/CRC and securing the Final Demand Amount. Selection of this service assumes the client or claim administrator has completed the disputed claims appeal process and agrees with the resultant conditional payments as identified by the BCRC/CRC. My office will then obtain and advise the Final Demand Amount to be paid to CMS and obtain CMS= closed file letter indicating resolution of CMS= recovery rights. Payment is issued by the client or claim administrator to BCRC or CRC pursuant to instructions sent from my office.</p>	

\$950.00
